OREGON GREEN MOSS

aka nature's sponge

A cheap way to keep plant soil
cool, (& cool-looking) & colorful.

- soil conditioning & topdressing accent
- lining for hanging baskets; artificial plants
- filling wire forms for topiaries.
- **orchid & succulent** plant medium –
 - Moss birdcages
 - Living wreaths
 - Terrariums
 - Kokedama plant & moss balls
- preserved wall art
- terrarium lining for reptiles & amphibians
- temp. control for raising earthworms
- Your ideas? A customer used it to make a table runner!

I ship 1 bale to full trailer loads and pallet loads (I load 25 bales/pallet).
